ADVISORY CIRCULARS

With the intention to have available detailed information to the aviation public it has been necessary to create ADVISORY CIRCULARS (ACs). Because of the voluminous information contained in these ACs, these have been placed in the Belize Department of Civil Aviation's (BDCA's) website: www.civilaviation.gov.bz

The ACs are also available on hard copies only upon request. These ACs can be obtained at the BDCA's Technical Library located at the BDCA's building at the Philip S. W. Goldson International Airport.

The following Advisory Circulars are hereby promulgated:

- | | | |
|----|------------------|--|
| 1. | BDCA AC-001-2013 | Operational Safety on Airports During Construction |
| 2. | BDCA AC-002-2013 | Safety Procedures for Determination of Wet Runway
Conditions and ATS Notification |
| 3. | BDCA AC-003-2013 | Friction Measurement and Maintenance of Skid Resistant
Airport Pavement Surfaces |
| 4. | BDCA AC-004-2013 | Standardized Method of Reporting Airport Pavement
Strength |
| 5. | BDCA AC-005-2013 | Application for an Aerodrome License |

This information is submitted for your information and guidance.

This AIC C004/2014 replaces AIC C007/2013
