1. History of the flight

On 21 November, 2021, N8725Z, Cessna 206 with serial number P206-0525 was involved in a serious incident at the La Familia Farm Airstrip located in the Cayo District. On landing the aircraft veered off to the right of the runway resulting in substantial damage to the right landing gear, right wing, right stabilizer and possibly the engine due to the propeller cutting into the soil. The pilot deplaned the aircraft without injuries.

2. Investigation activities conducted.

Investigators were dispatched to the incident area to conduct site investigations. Interview was conducted with the pilot of the aircraft. Pilot took drug and alcohol test and a medical examination.

3. Conclusions

The aircraft met all airworthiness requirements in compliance with the foreign registered aircraft permit.

4. Recommendations already issued.
