**ARRIVAL AND DEPARTURE PROCEDURES**  
**AT THE PLACENCIA AIRSTRIP**

The following procedures must be followed for all arriving and departing aircraft at the PLACENCIA AIRSTRIP.

1. **Aircraft departing from runway 07:**

All aircraft departing Runway 07 at Placencia Airstrip shall maintain runway heading until reaching an altitude of 500 feet or more before turning on course.

2. **All aircraft landing runway 25.**

All aircraft landing runway 25 shall turn onto final no less than 1 mile from the threshold.

The above procedures are intended to discontinue the low flying of aircraft over the village.

This **AIC C003/2004** replaces **AIC C007/03**.
